Greece Shows Her Beauties in Art Photographs

Government Sends Exhibition Here Depicting the Country's Advantages.

An art exhibition of remarkable chara private view and to-morrow to the to many friends of the family. public in the Grand Central Palace. It for the greater part a record in exalequately known scenes of natural so much to do with inspiring the

beautiful as ever they were. The present exhibition, which already reat success there last summer during Mr. and Mrs. van der Linden ar first the opinion that Greece is excluvely a land of ruins. It has ruins, of surse, as the photographs show, and ese are the pride and glory of the hole world, but it has much besides. has a picturesque and wholly delighti modern life, both pastoral and ban. It has unrivalled and greatly versified scenery and a wealth straordinary show places in addition to the famous temples.

Artists' Work of Years.

Practically all the views have been ken by a well known artist, Frederick issanas, who has devoted many years to this work. Mr. Boissanas has done a hing that few of the future tourists wil o-he has ascended the highest peak of int Olympus to the seat of the gods, end on the way has recorded many

The artist has visited the new provsalonica, the capital of Macedonia, to man. the northern end of Epirus. He has rend at last even photographs the masn and Phæstus. He photographs also many of the stalwart and picturesque retans, who are very proud of the fact hat their island was the birthplace of he new great leader, Eleutherios Venseles. There is also a picture of the symphalian Lake, the scene of some of he exploits of Hercules, but now very exceful and placid, and about to yield its excellent waters as a drinking supply to distant Athens as soon as the new aqueduct can be built.

Bolssanas, indeed, photographs with rare skill. He is unusually suc-ressful with water effects and atmospheric clouds. That he has temperaent, also, is proved by the fact that he eaches his highest mark with the Par Of course, he simply had to. To ave failed with so famous a theme a e Parthenon would have been tragic. t an untemperamental photographer might have done so. However, Mr. Bols-sanas has achieved one of the finest lectures of the great edifice that have en brought here. The compact ss and the relationship of the variou ildings upon the Acropolis have never een better shown. There are also fine
